

Saltaire

Dover | Moss | Straw | Fog | Canyon | North Sea

North Sea

Saltaire employs a twill weave to inform widely set lamb's wool stripes. A tiny accent of color is stitched meticulously into the stripes, giving them further definition and surface interest. The subtle slubbiness of the linen filling yarn transforms what could be a stuffy stripe into a compelling fabric that has an elegant drape and is soft to the touch. Saltaire is perfect for all types of upholstery applications as well as drapery, pillows and wrapped wall panels.

fiber content: 65% linen, 35% lambs wool
width: 60"
repeat: 2" horizontal repeat
abrasion: exceeds 32,500 cycles Martindale
fire code: passes California Bulletin 117, Section E
colors: 6
